- FAMILY OUTING TBA
- CORN ROAST TBA

APPRECIATION EVENT

Tenant appreciation ice cream social at UES terminal building. EAA Waukesha Chapter 1637 is sponsoring the event.

INSTRUMENT APPROACH UPDATE

EC-3, 20 MAR 2025 to 17 APR 2025

EC-3, 20 MAR 2025 to 17 APR 2025

Federal Aviation Administration (FAA) and Milwaukee's Air Traffic Control leaders resulted in publishing an improved RNAV instrument approach to Runway 28. Unfortunately, it was published as unavailable at night. Concurrently, the circling approach for the ILS to Runway 10 was also republished as unavailable at night. This left the RNAV (GPS) RWY 10 CIRCLING approach as the only night time instrument approach option for Runway 28. The night time restrictions will be removed on May 15th.
